

Out of the Box Digital Signage

The powerful but easy to use AGNPRO oneBox mini combines all the components you need to deliver dynamic real-time, stunning high resolution visual messaging all from a single compact plug and play box. No software to install, no central management servers to host, no graphics software to purchase, no teams of consultants to hire. Just plug it in and deploy.

- Stunning high resolution visual messaging to large format displays (1920 X 1200 max resolution)
- Multi-zone layouts with 4:3, 16:9 and portrait display
- Combine text, graphics, movies, animations, RSS feeds and live tv/video
- Powerful built-in browser-based content authoring and management system
- Compact (6.5" x 2" x 6.5") device for easy mounting
- Integrate with back-end systems and render custom HTML scripts to customize your own solutions
