

Out of the Box Digital Signage

The powerful but easy to use AGNPRO oneBox HD combines all the components you need to deliver dynamic real-time, stunning high resolution visual messaging all from a single compact plug and play box. No software to install, no central management servers to host, no graphics software to purchase, no teams of consultants to hire. Just plug it in and deploy.

The oneBox HD rackmount is built on Microsoft Server 2003 Web Edition OS for high reliability.

- Stunning high resolution visual messaging to large format displays (1920 X 1200 max resolution)
- Multi-zone layouts with 4:3, 16:9 and portrait display
- Combine text, graphics, movies, animations, RSS feeds and live HDTV / video
- Powerful built-in browser-based content authoring and management system
- Integrate with back-end systems and render custom HTML scripts to customize your own solutions

*Chassis style may vary depending on availability
